

Bootcamp REPORT

Department of CSE-DS

Maharaja Agrasen Institute of Technology, Sec-23, Rohini

Title: Orientation and Exam preparation

Date of Visit: 29-sep-2024

Organized By: Dept of CSE-DS

Faculty Coordinators: Ms. Tina Dudeja

Number of Students Participated: 32

The Analytix Orientation Event was organized on 29-sep-2024 by the AI society of Maharaja Agrasen Institute of Technology (MAIT). The event aimed to introduce new members to the society, outline its goals, and share insights from distinguished guests and speakers. The event provided a platform for the society members to present upcoming activities, share experiences, and motivate attendees to participate actively.

Key Highlights:

1. Opening Remarks: The event began with a warm welcome to all attendees, presented by the host on behalf of Analytix. The introduction emphasized the society's commitment to fostering innovation, learning, and growth within the AI and Data Science community at MAIT.

2. Address by the Head of the AI-DS Department: The Head of the AI and Data Science Department, Vinay Saini, delivered an insightful speech, sharing his support and vision for the growth of the AI society. His words served as motivation for students to leverage the resources offered by Analytix to enhance their academic and practical knowledge in the field of AI.

3. Introduction of Analytix Team: The President, Vice President, and other core members of Analytix introduced themselves, outlining their roles and responsibilities within the society. They shared their passion for AI and their vision to create a platform that encourages academic excellence and practical applications through workshops, competitions, and collaborative projects.

4. Upcoming Events and Initiatives: The society introduced several exciting events planned for the year, including:

- Hackathons aimed at solving real-world AI challenges
- "Code in the Dark," a coding competition
- Workshops and speaker sessions with industry leaders, including a special session from Microsoft
- Robotics and AI-focused activities that blend theoretical knowledge with hands-on experience.

5. Guest Speaker: Tushika (Founder of 15FORTEEN) the guest speaker, shared her expertise on how students can balance academics with co-curricular activities. She provided valuable tips on effective exam preparation and time management, offering practical strategies to help students excel both in AI and in their academic journey.

6. Q&A Session: The event featured an interactive Q&A session where attendees had the opportunity to ask questions related to the society's plans, AI topics, and Tushika's experiences. This allowed students to clarify doubts and gain further insights into Analytix' activities and objectives.

7. Senior Student Perspective: Jinal Gupta, a senior student and an active participant in the Analytix community, shared her experience with the society. She discussed how Analytix has contributed to her learning and growth, encouraging new members to take full advantage of the opportunities provided by the society.

8. Closing Remarks: The event concluded with a message of gratitude to the speakers and attendees. The host reiterated Analytix' commitment to helping students grow academically and professionally, encouraging everyone to participate in the upcoming events and activities.

Conclusion: The Analytix Orientation Event was a successful and engaging event that set the tone for the upcoming year. It provided attendees with a clear understanding of the society's mission, the team behind it, and the exciting events planned for the future. The participation of distinguished guests and the insights shared by senior members added great value to the event, making it a meaningful experience for all attendees.
